Non-verbal reasoning is an important skill for children to develop. It helps them to understand the world around them and to solve problems. Non-verbal reasoning skills can be improved through practice, and one of the best ways to practice is through activity books.

Here are 11 of the best non-verbal reasoning activity books for 10-year-olds:

1. The Ultimate Book of Non-Verbal Reasoning

This book is packed with over 200 non-verbal reasoning puzzles, perfect for challenging your 10-year-old. The puzzles are divided into four levels of difficulty, so your child can start with the easier puzzles and work their way up to the more challenging ones. The book also includes answer keys and

explanations, so your child can check their work and learn from their mistakes.

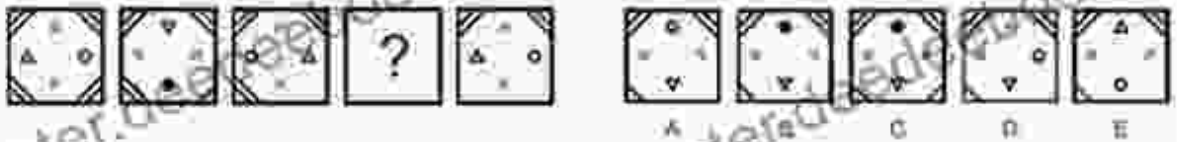

2. Non-Verbal Reasoning Practice Papers

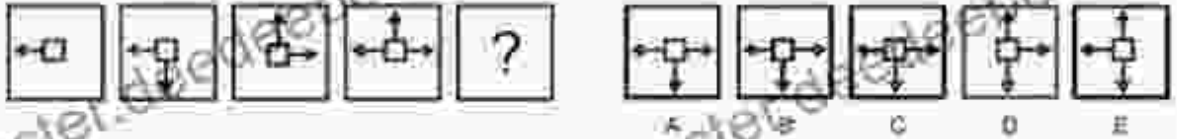

These practice papers are perfect for preparing your child for non-verbal reasoning tests. The papers are timed, so your child can practice working under pressure. The papers also include answer keys and explanations, so

your child can identify their strengths and weaknesses and focus on improving their skills.

of difficulty, so your child can start with the easier puzzles and work their way up to the more challenging ones. The book also includes answer keys and explanations, so your child can check their work and learn from their mistakes.

Logic Puzzle

There are four children, Amanda, Bill, Cathy, and Dorothy that are in first, second, third, or fourth grade. Each child has a different favorite color: blue, red, pink or green. Use the clues below to figure out what grade each child is in and what their favorite color is.

	1st	2nd	3rd	4th	Blue	Red	Pink	Green
Amanda								
Bill								
Cathy								
Dorothy								
Blue								
Red								
Pink								
Green								

CLUES:

1. The 4th grader is a boy who does not like pink.
2. Dorothy is the youngest and likes blue.
3. Cathy is one grade ahead of Amanda.
4. The 2nd grader likes red.
