

Ideal for Catch-Up Assessments and Exams in 2024 and 2025: CGP GCSE Combined Science Revision

As the 2024 and 2025 GCSE Combined Science exams approach, students need to be fully prepared to achieve their best possible grades. CGP's GCSE Combined Science Revision series is the perfect tool to help students catch up on missed learning, consolidate their knowledge, and build confidence for the exams.

GCSE Combined Science is a qualification that combines the three separate sciences: biology, chemistry, and physics. Students can choose to study Combined Science as a single award (two GCSEs) or a double award (four GCSEs).

The Combined Science GCSE exams consist of two written exams, each worth 50% of the final grade. The exams cover a wide range of topics, including:

9-1 GCSE Combined Science: Chemistry AQA Higher Complete Revision & Practice : ideal for catch-up, assessments and exams in 2024 and 2024 (CGP GCSE Combined Science 9-1 Revision) by CGP Books

★★★★☆ 4.7 out of 5

Print length : 196 pages

- Biology: cells, reproduction, evolution, ecosystems
- Chemistry: atoms, elements, chemical reactions, energy
- Physics: forces, waves, electricity, energy

CGP's GCSE Combined Science Revision series is designed to help students achieve their best possible grades in the 2024 and 2025 exams. The series includes a range of resources that are perfect for catch-up assessments and exams, including:

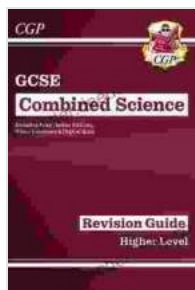

- **Revision Guides:** These guides provide a comprehensive overview of the GCSE Combined Science syllabus. They are packed with clear explanations, diagrams, and examples to help students understand the key concepts.
- **Workbooks:** These workbooks contain a variety of practice questions and exam-style questions to help students test their knowledge and build confidence.
- **Flashcards:** These flashcards are a great way for students to revise key terms and definitions.
- **Online resources:** CGP also provides a range of online resources to support students with their revision, including videos, animations, and interactive quizzes.

To make the most of CGP's GCSE Combined Science Revision series, students should:

- **Start revising early.** The sooner students start revising, the more time they will have to cover the entire syllabus.
- **Use a variety of resources.** The different resources in the series can be used in a variety of ways to suit different learning styles. For example, students can use the revision guides to get an overview of a topic, the workbooks to practice their skills, and the flashcards to revise key terms.
- **Test themselves regularly.** Regular testing is a great way for students to identify areas where they need to improve.
- **Seek help when needed.** If students are struggling with a particular topic, they should not hesitate to ask for help from their teacher, tutor, or a friend.

CGP's GCSE Combined Science Revision series is the perfect tool to help students achieve their best possible grades in the 2024 and 2025 exams. The series includes a range of resources that are ideal for catch-up assessments and exams, and it can be used in a variety of ways to suit different learning styles.

With CGP's GCSE Combined Science Revision series, students can be confident that they are fully prepared for the 2024 and 2025 exams.
